SAFARI OVERVIEW

Embark on an unforgettable **winter safari** in **Yellowstone National Park**, where snow-covered valleys, steaming **geysers**, and frozen waterfalls create a breathtaking backdrop for **wildlife photography**. Led by our experienced local guide Chris Desborough, this immersive Yellowstone winter tour offers the rare opportunity to photograph bison, elk, foxes, and **elusive gray wolves** against the park's frosty wilderness. Explore the legendary **Lamar Valley**, often called "America's Serengeti," and listen for the haunting howls of Yellowstone's wolf packs echoing across the snow. Visit the Upper Geyser Basin to witness the iconic **Old Faithful** geyser eruption, sending clouds of mist and ice crystals into the crisp winter air. Traveling by private snowcoach, guests enjoy unparalleled access to remote park regions and exceptional opportunities for wildlife viewing and photography, the ultimate way to experience Yellowstone's winter magic.

WHY CHOOSE THIS TRIP?

- **Unforgettable Wildlife Encounters:** Watch bison, elk, pronghorn, gray wolves, coyotes, and red foxes roaming through a pristine winter landscape.
- **Iconic Geothermal Sights:** Capture striking images of Old Faithful, Mammoth Hot Springs, bubbling mud pots, and steaming geyser basins.
- **Small-Group Adventure:** Travel in comfort by private snowcoach and bus, with plenty of time for spontaneous stops and exceptional wildlife viewing.

- **Winter's Enchanting Magic:** Discover Yellowstone's serene, snow-covered beauty—a peaceful contrast to the busy summer season.

LEADER: Chris Desborough.

DAYS: 9, including estimated travel time.

GROUP SIZE: 8.

COST: \$7,500 per person, double occupancy, not including airfare, singles extra. See the *Costs* section on page 5.

Date	Description	Accommodation	Meals

Jan 24	Depart for home.		B

LEADER

Cheesemans' Ecology Safaris carefully selects leaders who are experts in their field to ensure that your experience is the best it can be. One leader will provide a range of expertise for your trip.

Chris Desborough

Chris, originally from the U.K., has been living near Yellowstone's Northwest entrance for the last 34 years. He is passionate about wildlife photography and the Yellowstone Ecosystem. His background in optical engineering has led him to work with many optical lithography systems, such as those of Canon and Nikon. Chris has embarked on multiple adventures with Cheesemans' and understands exactly what makes our trips unforgettable.

DETAILED ITINERARY

Jan 16 ~ Arrive in Bozeman, Montana

Welcome to Bozeman, Montana—the gateway to Yellowstone National Park!

Jan 17 ~ Meet Chris and Head to Yellowstone

Specific destinations within the park are subject to change depending on weather conditions and wildlife.

Meet local guide Chris and embark on a stunning journey into northern Yellowstone. Travel south along the Yellowstone River, capturing breathtaking winter landscapes and diverse wildlife, including bighorn sheep, elk, pronghorn, bison, and coyotes.

Once in the park, explore Mammoth Hot Springs, where steaming mineral terraces contrast beautifully with the snowy terrain, creating unique photography opportunities.

Jan 18 ~ Lamar Valley

Venture into Lamar Valley, one of the best places in the world to spot wolves in the wild. This expansive, snow-covered valley also offers excellent opportunities to see bison, elk, moose, and a variety of birds and small mammals. With its open terrain and dramatic winter light, Lamar provides ideal conditions for wildlife and landscape photography.

Return to the hotel in the early evening to enjoy a warm dinner and prepare for your next day.

Jan 19 ~ Explore Hayden Valley into central Yellowstone

Journey south from Mammoth Hot Springs via private snowcoach, an exclusive way to experience Yellowstone in winter. Travel through Hayden Valley, a remote sanctuary where every snowflake adds to the quiet magic of Yellowstone's winter wilderness, and photograph bison, elk, pronghorn, and other winter-adapted species. Pass the frozen expanse of Yellowstone Lake, keeping an eye out for wildlife before arriving at the Old Faithful Snow Lodge.

Jan 20–21 ~ Central Yellowstone National Park

Step into the heart of Yellowstone's geothermal wonders! The Old Faithful area offers up-close views of geysers, hot springs, and steaming fumaroles, with excellent opportunities to photograph the iconic eruption of Old Faithful against the crisp winter air.

Explore the Upper and Lower Geyser Basins by private snowcoach, capturing vibrant hot springs, bubbling mud pots, and smoky fumaroles. Weather permitting, you'll have the chance to photograph sunrise over the geysers, creating breathtaking compositions. This region is also home to hardy winter wildlife, adding even more depth to your photography experience.

Jan 22 ~ Ride by snowcoach to Mammoth Hot Springs

After a morning of capturing final shots of Yellowstone's geyser fields, begin the return journey to Mammoth Hot Springs via private snowcoach. Along the way, stop to photograph wildlife and the ever-changing winter landscapes of the park.

Jan 23 ~ Lamar Valley and return to Bozeman

Take a final trip to Lamar Valley for another chance to photograph wolves, coyotes, red foxes, river otters, and bald eagles. Keep an eye out for trumpeter swans, buffleheads, and other winter waterfowl along Yellowstone's rivers and wetlands.

After a final day in Yellowstone's most wildlife-rich region, journey back to Bozeman stopping for a farewell dinner and reminiscing about the incredible moments and stunning images captured throughout the trip.

Jan 24 ~ Depart for home

Depart from Bozeman with unforgettable memories and an incredible portfolio of winter wildlife and landscapes.

OTHER DETAILS

Climate

Daytime temperatures are usually around 0°F (-20°C) but may reach up to the 20s°F (-5°C). Subzero overnight temperatures are common. Warm winds will occasionally push daytime temperatures into the 40s°F (5 to 10°C), causing significant melting of the snowpack at lower elevations, but cold snaps may drive temperatures much lower. Snow is a good possibility.

Fitness Level

You should be comfortable walking with and carrying your gear or standing for several hours at a time. The group usually covers distances under one mile at a slow pace and may occasionally walk short distances in snow. Please contact us if you have any health concerns that may make this trip challenging.

Transportation

Travel in a private 15-passenger bus between Bozeman and Yellowstone National Park, as well as around Lamar Valley, then in a snowcoach deep in the park to the geyser basins. For maximum flexibility, we charter a private snowcoach on two days.

Flights

Detailed logistical information is included in the Trip Planning Materials we will send you.

Flights you book

- Arrive in Bozeman, Montana (BZN) anytime on January 16.
- Depart from Bozeman, Montana (BZN) anytime on January 24.

Terms and Conditions

Read our current [Terms and Conditions](#).

Conservation

Our company ethos has always regarded conservation as inseparable from responsible tourism. We struggle with the dilemma that traveling worldwide expends climate-changing carbon. However, we wholeheartedly

believe that traveling with us will cultivate your passion for conserving our beautiful world while stimulating each destination's local economy. We encourage you to explore the various ways in which Cheesemans' operates within this context:

- **Cheesemans' Trips are [Carbon Neutral](#).**
- **Offsetting your Travel to/from our Trip:** We ask you to pledge to offset the carbon emissions for your travel to and from our trips. You can purchase offsets with most airlines (Delta includes them automatically), use our handy [carbon calculator](#) and donate to Sustainable Travel International, or contribute to your favorite offsetting organization.
